

Eclipse – Product information

Eclipse is a Double sided product which is a 0,3mm thick Polypropylene film. It can be printed on both sides in screen print and offset (conventional and UV). We offer and sell the material in sheets in the size 70 x 100 cm. It is not an adhesive product from itself, so the printer / converter will have to laminate the material with an adhesive.

Features:

- Adheres to smooth surfaces such as i.e. glass
- Repositionable, without losing its high impact messaging
- Create unique imaging
- Re-usable

Material:

- White and Clear
- 70cm x 100cm

Suitable:

- Screenprint
- Conventional offset
- UV Offset
