Inkjet Silver Metallic Adhesive Polyester film

This mirror finish self-adhesive gold polyester film allows for you to create your own silver metallic signs, labels, and stickers. The highly polished finish makes your signs or labels stand out, making it much less likely for your customer to disregard or discard your sign or label.

Most of our customers use this media for creating unique and interesting metallic signs and labels, but this media is not limited to those applications. Some of our customers even use our metallic films for creating realistic props or replica pieces.

Disclaimer: We have tested our media in various personal inkjet printers with good results. The user of this paper/film must determine the suitability of this product before beginning production, using his equipment and method of application. The sellers and manufactures maximum obligation shall be to replace paper/film that has been found to be defective. Neither the manufacturer nor the seller shall be

held liable for any injury, direct or consequential, arising out of the use of, or inability to use this paper/film.
